

## 2009 FCSTAT PROFESSIONAL DEVELOPMENT CONFERENCE

Personal Attendance Record, August 3-7, 2009

This Personal Attendance Record is provided for use in documenting participation in professional development sessions included in the conference. This summary may be useful for your personal information as well as any necessary session participation records called for by local school districts. Conference participants should locate the sessions attended in the following list; the number of hours allowed for each session should be recorded in the blank beside those session names. At the conclusion of the conference, those numbers should be totaled and the total training hours should be indicated in the “total training hours completed” blank on the second page.
